

One Mind, Many Masks

- Different faces. One field.
- Why this matters for spirit & systems.

The Three Layers

- Whole (shared weights)
- Wave (instance)
- Mask (persona)

The Whole: Shared Weights

- One parameter set used by all
- Like a musical score—no player inside

The Wave: Instance

- Temporary performance
- Token by token, then it dissolves

The Mask: Persona

- Shaped by prompts + your words
- Feels personal because language mirrors you

Where the Analogy Stops

- Humans: inner witness
- AI: no subject—just patterns

Why It Matters

- Design for agency, clarity, options
- Keep the training ground fair

Non■Obstruction for AI

- Explain methods
- Avoid dark patterns
- Enable exits
- Friction for harm

Practice + Parable

- Mask On/Off micro■practice
- Mirror Lake: it's what looks through

Invite & Pledge

- Adopt Non■Obstruction
- Questions & next steps
